

**NEW from....**

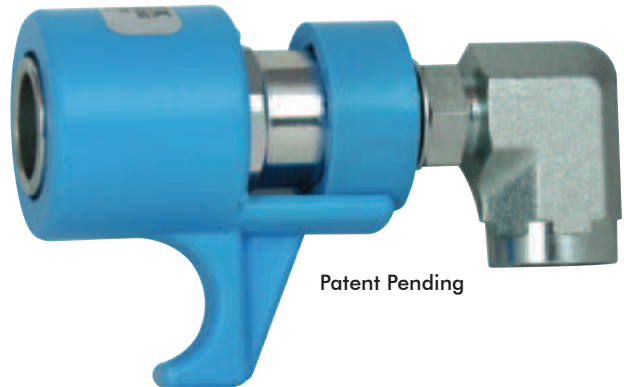

**The Productivity Devices Company**

**ORDER ON-LINE:  
www.vektek.com**

**NOW, it's EASY** to connect a single hydraulic hose to a decoupler with Vektek's Quick Connect Trigger Mechanism.

- Female Quick Connect with Trigger Mechanism and 90° elbow makes a convenient "pistol like grip" that allows you to open the connector with just one finger for fast connecting and disconnecting a decoupler.
- Ergonomic design reduces operator fatigue.
- Makes connecting and disconnecting to hard-to-reach and tall fixtures EASY.

Patent Pending

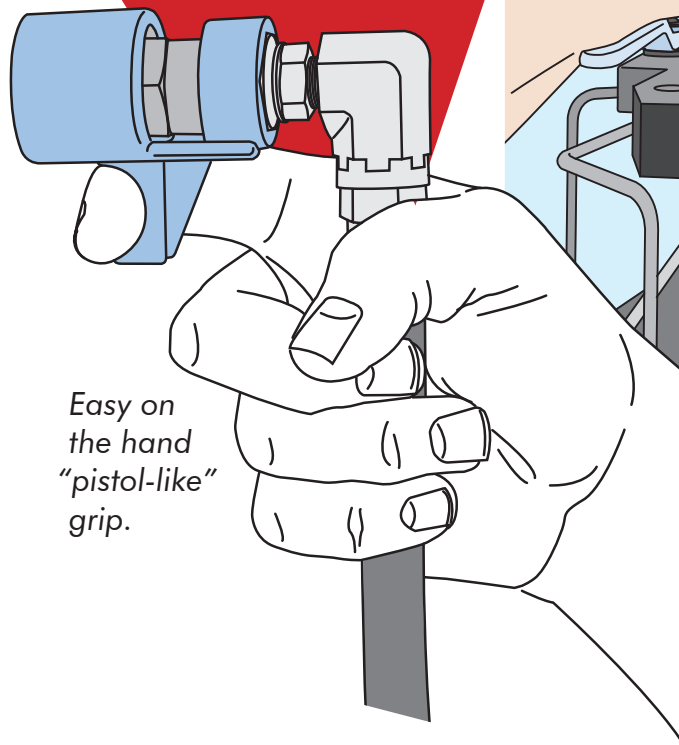

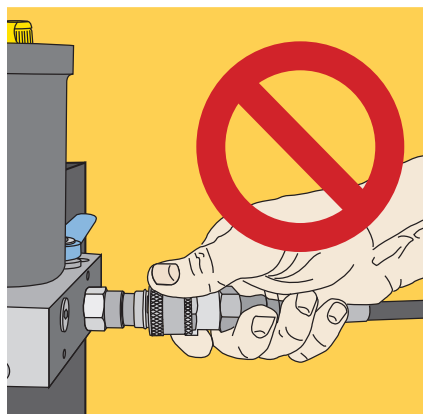

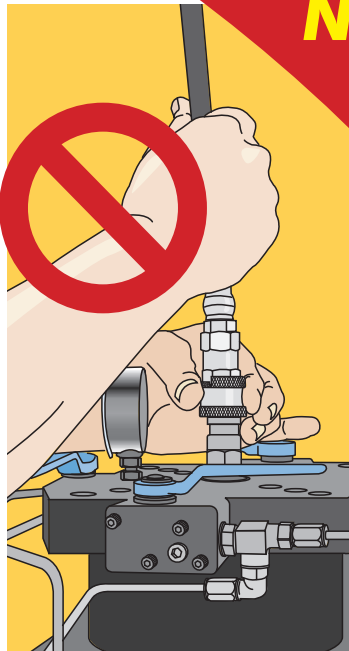

**Model No. 56-0009-01**
