Double Acting

- Single collet styles only.
- Compact design yields (downward) 750 lb. collet closing force generated at 100 psig air pressure.
- Concentric piston pulls the standard 5-C collet on center line.
- Available with or without mounting flange for easy fastening from either top or bottom.
- Through-hole design allows you to feed bar stock (1.062” maximum diameter) from the bottom of the collet for high production applications.
- Lightweight, only 5 lbs.
